School District 129 will be increasing in-person learning opportunities at all levels after spring break due to new health guidance from the state. The changes will only affect identified student groups within the *Blended Learning Experience*, however, students in the *Virtual Learning Academy* will see a schedule change on April 5th and 6th.

- **Monday, April 5th** will serve as a ***Remote Learning Planning Day*** in SD129. This type of day is similar to an in-service day. There will be no expectations for student engagement; however, staff will be in buildings preparing for quarter four instruction. Both students in the *Virtual Learning Academy* and the *Blended Learning Experience* will not have instruction that day.
- **Tuesday, April 6th** will serve as an ***Asynchronous Day*** of learning for students in the *Blended Learning Experience*. *Virtual Learning Academy* students will follow their teachers' directions.
- **Wednesday, April 7th** will be the first day of ***In-Person Instruction*** for students in the *Blended Learning Experience* under this new plan.
- Due to the preparations required to fulfill the instructional and safety aspects of the fourth quarter models, it is imperative that students remain in their chosen modality, *either virtual or blended*.
- Aside from the changes outlined above, there will be no further changes to the schedules of the students enrolled in the *Virtual Learning Academy*.
